About The Program

તમારી Data Analyst journey ની practical શરૂઆત

આ program ખાસ એવા learners માટે છે જે **Excel, Power BI, SQL, Python અને AI Tools** નો ઉપયોગ કરીને Data Analyst Skill તથા Business Decision Making Skill શીખવા માંગે છે.

આ 3 Days Learning Programme માં learners ને **basic થી practical roadmap** મળશે — કેવી રીતે data collect કરવો, clean કરવો, analyze કરવો, dashboard બનાવવો અને AI ની મદદથી decision recommendation આપવી.

Excel + Power BI

Data cleaning થી માંડીને interactive dashboard બનાવવા સુધી — સંપૂર્ણ practical exposure.

SQL Foundations

Database concepts અને real-world queries — Business data સાથે કામ કરવાની તૈયારી.

Python for Data

Pandas overview, data analysis workflow — programming background વગર પણ શીખી શકો.

AI-Powered Insights

AI prompts થી formulas, dashboard summary અને business decision recommendations.

Why Choose This Program?

- ✓ **100% Practical Approach** — Theory નહિ, real datasets પર hands-on training.
- ✓ **5 Powerful Tools એક જ Programme માં** — Excel, Power BI, SQL, Python, AI Tools.
- ✓ **Business-First Thinking** — Data analysis નહિ, Decision Making શીખવાશે.
- ✓ **Multi-Language Support** — Gujarati, Hindi અને English support.
- ✓ **Mini Portfolio Project** — જે Resume અને LinkedIn માં દેખાડી શકો.
- ✓ **Career Roadmap & Interview Prep** — Job-ready થવા માટેનું complete guidance.
